 **KOODUU**

Koodu Nordic Light Pro

The Nordic Light Pro lamp series encompasses Danish Design with the DNA of Koodu and brings to life the essence of the Danish word "hygge" in a new and contemporary way.

Whether you prefer to listen to your favorite tunes whilst enjoying the calmness of the flames through a clear glass or perhaps a more soft shine from the sand blown glass is entirely up to you.

Connect several products together and simply set the mood, every time.
